Brookside Place

Large enough to serve you, yet small enough to feel like home!

Located in beautiful Redmond, Oregon at the foothills of the Cascade mountain range, Brookside Place has a quiet, rural setting yet just minutes from downtown. This comfortable community provides affordable licensed assisted living and memory care services in a secure, homelike setting.

The staff is wonderful! Loving and caring to all the residents.

Our community design and assisted living programs enable our residents to maintain their independence with the added assurance of a 24 hour staff. We are committed to providing more than high quality service; we actively create opportunities for life enrichment every day.

Depending on your individual needs and preferences, services may include:

- » Assistance with personal care needs
- » Medication management and health monitoring
- » Dining assistance and special diets
- » Escorts to meals and activities
- » Diabetes management and other chronic care needs
- » Respite and Hospice care
- » Memory care services
- » Socialization and life enrichment programs

When you join our community, we will carefully review your specific needs and preferences before recommending services and determining your level of care. Additionally, we will work directly with your own healthcare professionals to provide continuity and coordinated care.
